I am requesting that the examiner ammend the claims for Application/Control Number: 10/772,346 pursuant to MPEP Section 707.07(j)

Claims Rejections - 35 USC & 102

- A person shall be entitled to a patent unless -
 - (b) the invention was patented or described in a printed publication in a foreign country or in public use on sale in this country, more than one year prior to the date of publication for patent in the United States.

When I filed the application for, "Electric Wire Distributor Connector" I mistakenly filed it as, "Electric Wire Splice Connector". Subsequently, all documents pertaining to "Electric Wire Distributor Connector" were given the dates of "Electric Wire Splice Connector" 01/08/2003 (see accompanying document conformation No. 9553). When the Electric Wire Distributor Connector Patent was issued the issue date was correct but the year should have been 2004. I received the patent for, Electric Wire Distributor
